

Court Street Newtonville Dec 22<sup>nd</sup> 1871

Dear Sir

34

You may recollect, boarding with me at our Cottage in Roxbury, some 34 Years ago. And, I wish you could make it convenient to call and see me I have some conversation relative to a most shameful transaction, which took place in State Street 36 Years ago. I was an Eye Witness to this affair, which differ from the account that Mr Lyman & Mr Phillips gives of it. I should be happy to have a call from you, at my son's house, near the Depot in Newtonville & talk over the subject. I name the day which would be most convenient for you.

Very truly,

Your Friend,

John Andrews.

Wm Lloyd Garrison Esq.
